INTERACTIVE SOLUTIONS, INC. ON THE MOVE
ISI Celebrates 15th Anniversary

MEMPHIS, TN MARCH 11, 2011: Interactive Solutions, Inc. has reached a milestone this March, celebrating 15 years of business. The company has grown from the dreams of founder/CEO, Jay Myers, to a company with locations in three major cities and sales reaching over \$17 million in 2010. To celebrate, ISI invited employees, customers, and business partners to the company's Memphis office for a Brazilian style barbeque.

"It gives me great pride in joining ISI employees, clients and business partners in celebrating the company's 15th anniversary. We have come a long way since the business was started in 1996 and are very excited about our future as the company continues to thrive in these difficult economic times," said Myers when discussing the celebration.

ISI readied itself for growth by providing custom integration of video conferencing and audio visual equipment to be used in settings such as hospitals, classrooms, and conference rooms. ISI's ability to engineer solutions based on customer's specific needs has helped the company to continually grow over the past 15 years, and offers promise for future growth.

About ISI: Interactive Solutions, Inc. is a Memphis based video conferencing and audio-visual technology integrator. ISI has a highly trained staff of engineers, sales, and support personnel allowing ISI to be consultants to their clients when approaching video conferencing applications, achieving a customized solution for each specific need. Over the past 15 years ISI has grown to have an installation base of over 500 systems encompassing 45 states and 12 international locations. ISI's service and expertise has allowed the company to have an 85 percent retention rate with clients. This expertise has also allowed ISI to create solutions for Nike, Smith & Nephew, Kroger, Ft. Knox and the University of Alabama. ISI is a member of the USAV organization, allowing for onsite service and installation across the United States. ISI has also made the Inc. 500/5000 list 5 times along with numerous other business accolades.
